WORLD
BREAKING
DANCESPORT
FESTIVAL

Dear Colleagues, Athletes and Members of the WDSF,

There are moments in the life of DanceSport that feel like a first heartbeat, a spark that begins quietly, yet carries the promise of something extraordinary. The story of Breaking has always been written in rhythm and resilience, in movement and meaning. It is a story of individuals who turn passion into power, and of communities that transform energy into DanceSport.

As we look ahead to gathering under the roof of the [Brisbane City Hall](#), from **17th to 18th of January 2026**, we begin a new chapter with the **Brisbane World Breaking DanceSport Festival**. On behalf of the World DanceSport Federation, I extend my warmest welcome to all stakeholders, partners, and supporters joining us for this milestone event.

The WDSF proudly presents this first edition, in collaboration with DanceSport Australia, marking a step forward in the growth of Breaking across Australia and Oceania and with the aspiration of establishing it as an annual tradition and a beacon for the global Breaking movement.

With categories **WDSF BfG World Series Adult, WDSF BfG Open Youth and WDSF Teams 3 vs 3**, this DanceSport Festival brings together dancers who do more than compete, they tell stories through motion. Each spin, freeze, and beat reflects a shared belief: that dance has the power to unite, to inspire, and to move the world forward. Alongside competition, the Festival will celebrate Breaking's traditional cultural roots, offering performances and experiences that honour the history and diversity of this art form.

Australia's vibrant energy makes Brisbane the perfect stage for this beginning. From here, we set in motion a journey that looks towards the **Brisbane 2032 Olympic Games**, supporting the next generation of athletes and fostering the continued development of Breaking in Australia and Oceania. Educational programs and training opportunities following the event will further empower local dancers on their journey, blending passion with purpose and performance with growth.

Hand in hand, step by step, movement by movement, we ignite this great engine together. Let us make Breaking shine not only here in Brisbane but across the world, connecting with the Australian community, celebrating the spirit of this city, and reflecting the support of its authorities, a rhythm that carries towards future.

Let these days be remembered as the spark that set the movement in motion, when passion met purpose, and when Breaking's rhythm became the heartbeat of DanceSport once again.

Welcome to Brisbane. Together, we begin something extraordinary.

VENUE

WORLD BREAKING DANCESPORT FESTIVAL

Brisbane City Hall, an iconic landmark built in the 1920s, carries a rich history that makes it a truly remarkable venue for our event. The first foundation stone was laid in 1917 by the Governor of Queensland, with the official design approved two years later in 1919.

In 1920, the Prince of Wales laid a second foundation stone, marking another milestone in the creation of this grand building. Construction took a decade to complete, with a total cost of around 980,000 pounds.

When City Hall officially opened its offices on 3 January 1928, it was the second-largest construction in Australia, surpassed only by the Sydney Harbour Bridge. Its architectural grandeur, historical significance, and central location make it an ideal and inspiring setting for the **Brisbane World Breaking DanceSport Festival 2026**.
